

“TAIL” OF HOPE

2006

MUSTANG SALLY, (FORMERLY SASHA)

To Everyone at the Humane Society,
Sasha was renamed “Mustang Sally” and is doing so well now that she is spayed. She’s been sleeping in bed since the first night, and she does not dump the trash or climb up to steal food anymore. She only chases our cats when she thinks I’m not looking. She’s glued to my side, and you couldn’t buy her back. I love her.

Thank you, Kim Cananough

THE HARD FACTS

The Humane Society
of Berks County provides
emergency service for injured
strays 24 hours a day, 365 days
a year, for all 859 square miles
of Berks County.

This service is provided without
any government funding.
