

# “TAIL” OF HOPE

2006

OZZIE

The first day I saw “Ozzie” I was picking weeds as a volunteer in front of the Humane Society. A woman came walking by with him and his two eight-week-old sisters, and the rest was history! He is a happy and a spoiled member of our family and we love him!

*The Yoder Family*

# THE HARD FACTS

The direct cost of housing,  
feeding, and providing medical  
care for one animal is nearly  
\$100.

The Humane Society  
provided this care for 6,939  
animals in the past year.
